Hi Paul

Can we catch up later today on the phone – just conscious we haven't started any cleanse with NPT and the WG deadline of end of March is soon approaching.

What's the best number for you?

Best regards

Hi

I have copied [redacted] from my team who was involved in terms of NPT's data – and he leads on the NRW non-coal tips too.

Just wanted to know if you are in a position to confirm a date for the initial meeting outlined in our previous email?

We are free on the following dates/times this week:

- ☐ Friday 5th – all day

Or the following week:

- ☐ Tuesday 9th – Anytime between 9:30 and 14:30 (except 11:30—12:30)
- ☐ Wednesday 10th – After 9:30am
- ☐ Friday 12th – all day

Or the week after that:

- ☐ Wednesday 17th – After 9:30am
- ☐ Thursday 18th – all day
- ☐ Friday 19th – all day

I hope one of these suits you.

ZOOM or MS Teams

Sadly we are all ZOOM here, so if you cannot access ZOOM...would you be able to set up a Teams meeting and invite [redacted] and myself along – that would be great. That way we can share our screens and show you the GIS we are using.

Best regards

Good Morning to you all...I hope you are all safe and well.

I am dropping you a quick email further to email dated 23rd February (attached for info).

Hopefully you have seen the individual tip plans we produced, and also the A0 pdf plan showing your Category C&D rated coal spoil tips within your local authority area. You can find them all by following this link.

<https://coalauthority.egresscloud.com>

I also know has supplied a list – I can resupply with your own reference if this will help you to marry up our list with yours?

Initial meeting

I am looking to hold an initial ZOOM meeting (Teams) meeting to show:

- . what we did with your tips data
- . how we have amended the boundaries in some circumstances
- . why the number of C & D rated tips is now higher than the number of C & D sites that you initially supplied

Following this meeting we can arrange for quick follow-ups to go through each site boundaries on an individual basis to make sure the rating and other information is correct, and the boundary reflects the tip.

To help this...

Please can you confirm who is the best person to lead this initial meeting? Can you let me know who is if it is not you. Once we have confirmed who is the lead, they can then share the subsequent invite with whomever you would like to be present from your local authority.

Best regards
